Conformance with the FSMA PSR add-on is not an assurance or guarantee of FSMA compliance. Legal compliance can only be determined by a regulatory authority, such as the United States Food and Drug Administration. This certification is based on observations during the assessment regarding the standards established by the FSMA PSR add-on. No certification can provide an assurance that all food produced by the assessed operation is safe for consumption.

This certificate of conformance is only valid as long as the IFA Fruit and Vegetable certificate is valid.
